

Kildwick CE Primary School

Learning to Live, Living to Love, Loving to Learn

Date Approved: Autumn 2022

Next Review: Autumn 2025

Accessibility Plan

Purpose of this plan

At Kildwick CE Primary School our values reflect our commitment to a school where there are high expectations of everyone. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able to. Everyone in our school is important and included. We promote an ethos of care and trust where every member of our school community feels that they truly belong and are valued. We work hard to ensure there are no invisible children here, recognising everyone's uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners. We are a safe school, committed to improving children's confidence and self-esteem.

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation".

According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Objectives

Kildwick CE Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school. The school recognises and values parent's knowledge of their child's disability and its effect on their ability to carry out everyday activities and respects the parents' and child's right to confidentiality.

Our Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to:

- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Increase access to the curriculum for pupils with a physical disability and/or sensory impairments, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as all pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

The Kildwick CE Primary School's Accessibility Plan relates to the key aspects of physical environment, curriculum and written information.

This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Admissions policy
- Behaviour Policy
- Anti-Bullying Policy
- Health & Safety Policy
- Special Educational Needs Policy
- Teaching and Learning Policy
- Equalities scheme
- SEN Information Report

An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

Contextual Information

As a result of building work 10 years ago, an accessible entrance was created at the back of school as well as an accessible toilet on the ground floor. A ramp and a handrail were installed outside the former KS2 entrance, now the main school office. The physical layout of the classrooms upstairs would require consideration of reasonable adjustments to the current classroom configuration. Should a pupil who uses a wheelchair be admitted, the school will look at access arrangements and reasonable adjustments and seek advice from the LA. Emergency evacuation procedures (PEEPs) are in place to provide 1:1 supervision of disabled pupils.

Arrangements for the admission of students with disabilities

When children enter school with specific disabilities, the school works closely with the local authority support services for advice and guidance. If children who have an Education Health and Care Plan (EHCP) are admitted,

arrangements begin with a transitional review, which a member of the school attends. For children with a disability, in addition to information provided by pre-school settings, other primary schools, parents are asked to give details.

Responsibility

The governors Resources committee will be responsible for monitoring, evaluating and reviewing the school's Accessibility Plan. The committee will also be responsible for obtaining and allocating the funds needed to implement any priorities in the plan. The plan will be reviewed annually at the FGB meetings. The Headteacher will be responsible for the plans day to day implementation.

Reporting

Progress of any priorities will be reported to the Full Governing Body at least once a year.

Access to the plan

Parents/Cares may request a copy of the plan from the office. The plan is also available on the school's website.
